# CALL FOR ABSTRACTS

## Well protected

Comprehensive virucidal activity combined with very good skin tolerability: **Sterillium® med** achieves a “limited spectrum of virucidal activity” within a 30-second hygienic hand disinfection. Another plus: it significantly increases the skin hydration by 10 %\*.

**Sterillium® med** was tested for its activity against nonenveloped adenoviruses and noroviruses, not only using EN test methods but also the more demanding methods of the German Association for the Control of Viral Diseases (DVV).

\* RCTS' study no. 3403 (2015): Evaluating the Effect of a Hand Sanitizer Using an Exaggerated Handwash Method.
